Ref No	Site Name / Description	Status	Sensitivity	Setting	Contribution of Setting (Table 10.5)	Sensitivity of Setting (table 10.6)	Turbine tips visible (based on ZTV)	Turbine hubs visible (based on ZTV)	Distance to nearest turbine (km)	Magnitude of Effect (Table 10.3)	Significance of Effect on Setting (Table 10.7)	Visualisati on Figure Ref
SM656	Kemps Castle, fort 320m SW of Euchan Bridge	Scheduled Monument	High	Promontory between Euchan Water and Barr Burn in pasture farmland within River Nith valley	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	22	16	6.1	Low: distant visibility beyond skyline; turbines not dominant	Minor	Figure 10.11 (CH6)
SM4275	Cairn Kinny	Scheduled Monument	High	Summit of Cairn Kinney	High: prominent topographic position commanding long range all-round views	High	35	35	6.2	Low: distant visibility; turbines not dominant	Minor	
SM4516	North Shortcleuch, platform settlement 1000m E of	Scheduled Monument	High	South-facing slope in moorland location in Elvan Water valley	High (localised) primary relationship is with Elvan Water valley; long range views not important component of heritgae value	High (localised)	7	2	8.2	Negligible: distant visibility screened by topography; views not an important aspect of setting	Negligible	
SM4249	Glencaple, platform settlement 600m NW of	Scheduled Monument	High	South-facing slope in moorland location in Crawick Water valley	High (localised) primary relationship is with Crawick Water valley; long range views not important component of heritage value	High (localised)	1	0	8.2	Negligible: distant visibility screened by topography; views not an important aspect of setting	Negligible	
SM650	Castlehill, earthwork 400m S of	Scheduled Monument	High	Moated site in rural farmland in Carron Water valley	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	2	0	8.3	Negligible: distant visibility screened by topography; views not an important aspect of setting	Negligible	
SM4254	Fagyad Hill, cairn	Scheduled Monument	High	Elevated position in moorland at north end of ridgeline on Fagyad Hill overlooking Clyde valley and Glengonnar Water	High: prominent topographic position commanding long range views to north over Clyde valley	High	9	1	9.0	Negligible: distant visibility; turbines screened by topography	Negligible	
SM4513	Netherton, cairn 800m SW of	Scheduled Monument	High	Elevated position in moorland at north end of ridgeline on Black Hill above Duneaton Water	High: prominent topographic position commanding long range views to northeast over Clyde valley	High	5	1	9.4	Negligible: distant visibility; turbines screened by topography	Negligible	
SM704	Ballaggan, motte	Scheduled Monument	High	Rural farmland in upper reaches of Marr Burn valley	Moderate (localised) enclosed valley setting but retains some complementary associations	High (localised)	5	3	9.9	Negligible: distant visibility; turbines screened by topography; enclosed valley setting	Negligible	
MDG60	Sanquhar: Wall; Deer Park	HER national	High	Level farmland on north bank of River Nith on south side of Sanquhar	Moderate (localised) modern rural/urban setting but retains some complementary associations	High (localised)	14	9	5.4	Negligible: distant visibility beyond skyline; partly screened by topography & built environment; views not an important aspect of setting	Negligible	
MDG55	Euchan Foot: Ring ditch	HER national	High	Rural farmland on south bank of River Nith at confluence with Euchan Water	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	15	13	5.5	Negligible: distant visibility beyond skyline; partly screened by topography; views not an important aspect of setting	Negligible

MDG56	Euchan Foot: Ring ditch	HER national	High	Rural farmland on south bank of River Nith at confluence with Euchan Water	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	14	13	5.5	Negligible: distant visibility beyond skyline; partly screened by topography; views not an important aspect of setting	Negligible	
MDG11248	Deil's Dyke: Linear earthwork	HER national	High	Rough pasture and moorland on north facing hill slope between Euachan Water and Twenty Shilling Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	24	17	6.0	Negligible: distant visibility beyond skyline partly screened by topography; views not an important aspect of setting	Negligible	
MDG161	GLENGENNY: Cairn	HER national	High	Elevated position at east end of ridge in moorland above Glengenny Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	16	11	6.2	Low: distant visibility beyond skyline; turbines not dominant	Minor	
10081	Mosscastle Hill: Cairn	HER national	High	Elevated position on summit of Mosscastle Hill overlooking Duneaton Burn	High: prominent topographic position commanding long range views	High	35	34	6.5	Low: distant visibility; turbines not dominant	Negligible	
MDG11249	Deil's Dyke: Linear earthwork	HER national	High	Rural farmland on north facing slope on south side of River Nith valley	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	20	18	6.5	Negligible: distant visibility beyond skyline partly screened by topography; views not an important aspect of setting	Negligible	
MDG11250	Deil's Dyke: Linear earthwork	HER national	High	Rural farmland on north facing slope on south side of River Nith valley	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	25	16	6.8	Negligible: distant visibility beyond skyline partly screened by topography; views not an important aspect of setting	Negligible	
MDG40	Twenty Shilling Burn / Deil's Dyke: Clearance Cairn; Cairn	HER national	High	Moorland and rough pasture on north facing hill slope above Twenty Shilling Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	25	19	6.9	Low: distant visibility beyond skyline; turbines not dominant	Minor	
MDG47	Twenty Shilling Burn: Cairn	HER national	High	Moorland and rough pasture on north facing hill slope above Twenty Shilling Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	28	19	7.2	Low: distant visibility beyond skyline; turbines not dominant	Minor	
MDG44	The Rig: Cairn	HER national	High	Moorland and rough pasture on north facing hill slope above Twenty Shilling Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	29	19	7.3	Low: distant visibility beyond skyline; turbines not dominant	Minor	
MDG12838	Deil's Dyke: Boundary	HER national	High	Rough pasture and moorland on north facing hillslope between Euachan Water and Twenty Shilling Burn	Moderate (localised) modern rural setting but retains some complementary associations	High (localised)	29	23	7.5	Negligible: distant visibility beyond skyline partly screened by topography; views not an important aspect of setting	Negligible
